CAMP OBJECTIVE

The "COMPETITION CAMP" is specifically designed to improve team dynamics as it relates to competition. Throughout the camp the teams will be placed in a variety of competitive events where team achievement is at the forefront. Individuals are welcomed and will be placed on a team with other individual campers or in holes of existing teams. In addition, the teams will be provided six technique sessions throughout the camp, where they will receive the very best instruction with a 12-1 student / counselor ratio. Each wrestler will systematically be taught the fundamentals in each of the three phases of wrestling: neutral, top, and bottom. At the conclusion of the camp, individuals will be placed in pool brackets and be guaranteed three additional matches, which will bring their camp match count to approximately 12 matches in 4 days. Finally, our daily camp talks will educate campers on a variety of topics including, but not limited to: mindset training, strength and conditioning, nutrition, goal setting, and motivation.

Campers must have their own medical insurance to attend this camp. Please fill out the enclosed medical information form completely.
